To: Plan Participants in Local 399's Health & Welfare Plan

The IUOE Local 399 Health & Welfare Fund Office is required by federal law to send Plan participants certain documents and plan information annually. Please review the enclosed documents and plan information below. Call the H&W Fund Office (312) 372-9870, Option 3, with any questions you have on your Plan coverage.

Summary of Benefits and Coverage (SBC) for Local 399's H&W Plan year beginning June 1, 2018. The SBC is meant to help you understand your coverage and common healthcare terms. The Federal Government requires all Plans to provide a current SBC document to plan participants every year.

Summary Annual Reports for IUOE Local 399's Health & Welfare Trust and the Health Reimbursement Account Plan for the fiscal year ending May 31, 2017.

Absolute Solutions: Local 399 has partnered with Absolute Solutions to provide, schedule and serve your Diagnostic Radiology needs. Using Absolute Solutions will allow you and your eligible dependents to obtain an MRI, CT or PET Scan at no cost to you. It will be covered at 100%. Enclosed is a card you can carry with you. When your doctor advises you to obtain a MRI, CT or PET scan, simply dial (800) 321-5040 to access this convenient and cost-saving benefit.

Below are H&W Plan related notifications that are to be distributed annually:

IUOE Local 399's H&W Plan is "Grandfathered"

The H&W Board of Trustees made no material changes to the Plan that would reduce your benefits since the inception of the Patient Protection Affordable Care Act (ACA). As a result, the Plan has maintained what is called 'grandfathered' status under the ACA. This grandfathered status enables the Fund to postpone certain other federal requirements of the Act. Although most of the requirements of the ACA are part of the Plan today, there are some requirements the Plan does not have to implement due to maintaining grandfathered status. One of the Act's requirements is to notify plan participants of this grandfathered status on an annual basis.

Women's Health and Cancer Rights Act of 1998

Under the Women's Health and Cancer Rights Act of 1998 ("WHCRA"), group health plans that provide medical and surgical benefits from the Plan in connection with a mastectomy must also provide benefits for certain reconstructive surgery. A covered person who is receiving Plan benefits in connection with a mastectomy and who elects breast reconstruction will be provided coverage for the following:

- All stages of reconstruction of the breast on which the mastectomy has been performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications in all stages of mastectomy, including lymphedemas.

Coverage of the above is subject to the Plan's deductible, co-insurance percentage and other provisions and limitations applied for other covered treatments under the Plan. The WHCRA requires Plans to notify plan participants annually of this coverage.
